## **Imprimis Pharmaceuticals Out Licenses Its Proprietary IP to resolutionMD for Cosmeceutical Products**

March 4, 2013

SOLANA BEACH, Calif., March 4, 2013 /PRNewswire/ -- Imprimis Pharmaceuticals, Inc. (IMMY:NASDAQ) ("Imprimis") and resolutionMD LLC ("resolutionMD") have entered into a licensing agreement which will provide resolutionMD with exclusive rights to the Accudel transdermal delivery technology, for anti cellulite formulations, in the global professional skincare market.

Under the terms of the agreement, resolutionMD will pay Imprimis a licensing royalty on the U.S. and international sales. resolutionMD's exclusive rights provide for it to promote and sell cosmeceutical products in the global professional skincare market in consideration of certain royalties. resolutionMD expects to launch its lead anti-cellulite product in the second quarter of 2013.

"We are extremely pleased to have reached an agreement with resolutionMD for our patented Accudel delivery technology and a related pending patent for our unique formulation. We believe this initial license and product launch may lead to future opportunities to use our technology in other cosmeceutical industry applications," stated Mark L. Baum, CEO of Imprimis Pharmaceuticals, Inc. "resolutionMD executives and scientists are recognized leaders in the dermatology market. We are confident they will capitalize on the potential for our technology in the anti-cellulite product."

"Cellulite occurs in between 85 percent to 98 percent of post-pubertal women of all races, making this market category one of the greatest opportunities in skin care. We believe that Imprimis's patented Accudel delivery technology in our proprietary anti-cellulite formulation has significant potential in the professional skin care market, not only in the U.S., but internationally as well," stated Brian Riley, resolutionMD's President and Chief Operating Officer. "The Accudel Anti-Cellulite formula will be the flagship product for resolutionMD."

Imprimis Pharmaceuticals is a specialty pharmaceutical Company developing non-invasive, topically delivered products. Our innovative patented Accudel cream formulation technology is designed to enable highly targeted site-specific treatment. Impracor, our lead pain product candidate, utilizes the Accudel platform technology to deliver the active drug, ketoprofen, a non-steroidal anti-inflammatory drug, through the skin directly into the underlying tissues where the drug exerts its localized anti-inflammatory and analgesic effects. We intend to leverage the Accudel platform technology to expand and create a portfolio of topical products for a variety of indications. <http://imprimispharma.com/>
